Vision of OBCMS:

To emerge as an advanced center of professional learning with quality education, hands-on training and creativity-rich environment for enabling students to face emerging challenges to prepare a high-class pharmaceutical professional for global competitiveness.

Mission of OBCMS:

- To Create Ideal Ambience for Learning and All-Round Growth.
- To help Students Inherit Professional Ethics and Leadership Qualities, and to be Creative, Agile and Confederate.
- To Develop a Symbiotic Relationship between the Institution, Faculty, Society and the Community for Mutual Betterment with a Global Perspective.
- To inculcate entrepreneurship by providing industry-institute interaction.
- To have an institution for imparting education, undertake research plan, evaluate, develop and enhance knowledge and understanding in the field of pharmaceutical science.

Values at OBCMS:

One Beat College of Medical sciences embraces the educational philosophy and values of modern education system and is committed to the following core values:

- ☞ **Academic Excellence:** We endeavor to achieve excellence in teaching, scholarship, and service to the society and professional communities.
- ☞ **Professionalism, Integrity, and Ethics:** We aim to create an environment that instills professionalism, integrity, empathy, a high standard of ethical behavior, and the highest professional commitment to the patient, the community, and the employer.
- ☞ **A Culture of Service:** We strive to create a culture that values and promotes service to our patients, school, community, and profession.
- ☞ **Life-long Learning:** We pursue a passion for life-long learning and a commitment to personal and professional growth as we serve our patients, community, and profession.

PLACEMENT REPORT-2022-2023

In today's competitive world, the industry demands managers to have good management and entrepreneurial skills, practical knowledge, interpersonal skills, self-confidence, and motivation. D & B Pharm program at OBCMS gives a unique blend of strategic thinking and practicality coupled with industry interface in the form of visits, seminars, and internships. Our teaching pedagogy includes visuals as a reference for delivering effective and retainable learning in the form of presentations which help towards acquiring skills in the holistic growth of the spiritual, social, and emotional quotient of our students. Training and placement committee OBCMS delve in a proactive learning approach and detailed academic course of action, which prepares the students to act flamboyantly in various demanding situations of the business world. We give particular importance in polishing their decision-making skills, which are sought after and looked-for by renowned organizations. We sincerely foresee that our students match their expectations and that provides them a finely crafted quality human resource.
